 San Francisco, Palo Alto, Los Angeles, Toronto

## About HeyGen

At HeyGen, our mission is to make visual storytelling accessible to all. Over the last decade, visual content has become the preferred method of information creation, consumption, and retention. But the ability to create such content, in particular videos, continues to be costly and challenging to scale. Our ambition is to build technology that equips more people with the power to reach, captivate, and inspire audiences.

## Position Summary

As a software engineer on the product eng team you will be part of a team working on the most crucial product features to Heygen. You will collaborate with team members focused towards feature development, all the way from the frontend to backend API to ML models. You are someone who is passionate about creating impactful AI products and want to grow your career as a software engineer. Tech Stack: Typescript, react, python, Go

## Key Responsibilities

- **Development:** Design, develop, test, and deploy robust, scalable, and optimized features for the HeyGen platform across both front-end and back-end components.
- **Collaboration:** Work closely with UX/UI designers, product managers, and other engineering teams to deliver a holistic product experience to our users.
- **Maintenance & Optimization:** Monitor platform performance, identify bottlenecks, and implement solutions in a timely manner. Ensure the platform remains updated, secure, and compliant with the latest industry standards.

## Qualifications

- Bachelor's degree in Computer Science, Engineering, or a related field.
- Previous internship experience in Software Development.
- Experienced with React, Javascript, Python, etc
- Familiarity with RESTful API development.
- Familiarity with cloud platforms such as AWS, Azure, or GCP.
- Familiarity with database systems such as MySQL

## What HeyGen Offers

- Competitive salary and benefits
- Dynamic and inclusive work environment.
- Opportunities for professional growth and advancement.
- Collaborative culture that values innovation and creativity.
- Access to the latest technologies and tools.

## Salary Range

\$120,000 – 150,000 annually

Please note that the salary information is a general guideline only. HeyGen considers factors such as scope and responsibilities of the position, candidate's work experience, education/training, key skills, and internal equity, as well as location, market and business considerations when extending an offer. As part of our total rewards package, HeyGen offers comprehensive benefits including a 401k plan, health benefits, generous PTO, a parental leave program and emotional health resources.

HeyGen is an Equal Opportunity Employer. We celebrate diversity and are committed to creating an inclusive environment for all employees.
