Position Overview

Autodesk's Digital Employee Experience team is seeking a Software Engineer to join our team that delivers products that enrich the employee experience at Autodesk. Our product engineering culture will empower you to work collaboratively on projects at the core of the company using the latest technology industry trends.

You'll work with existing full-stack development teams on their journey towards becoming a world-class, transformational engineering team. This role is a hybrid position with a team located in Novi, Michigan, reporting to the Manager of Engineering.

Responsibilities

- Develop and implement solutions that enhance the end-user experience
- Participate in agile-based development practices to achieve high velocity and continuous delivery
- Focus on hands-on development and delivery of applications with a strong emphasis on cloud-based and AI-powered solutions
- Work with cross-functional teams to ensure reliable, scalable, secure, and highly available software solutions

- Actively participate in quality assurance efforts to ensure the delivery of high-quality solutions

Minimum Qualifications

- Bachelor's degree in computer science or equivalent work experience
- 1 - 2 years of experience as a full-stack engineer developing and testing both front-end and back-end applications
- Experience in building and consuming RESTful APIs using Microservices architecture
- Proficiency with web technology stacks (React, Next, Core Web Vitals)
- Hands-on experience with cloud services such as AWS (SQS, S3, DynamoDB, IAM, Lambda) or similar cloud providers

Preferred Qualifications

- Experience with AI technologies, including RAG (Retrieval-Augmented Generation) and GenAI (Generative AI)

Salary transparency

Salary is one part of Autodesk's competitive compensation package. For U.S.-based roles, we expect a starting base salary between \$85,000 and \$137,500. Offers are based on the candidate's experience and geographic location, and may exceed this range. In addition to base salaries, we also have a significant emphasis on annual cash bonuses, commissions for sales roles, stock grants, and a comprehensive benefits package.

Equal Employment Opportunity

At Autodesk, we're building a diverse workplace and an inclusive culture to give more people the chance to imagine, design, and make a better world. Autodesk is proud to be an equal opportunity

employer and considers all qualified applicants for employment without regard to race, color, religion, age, sex, sexual orientation, gender, gender identity, national origin, disability, veteran status or any other legally protected characteristic. We also consider for employment all qualified applicants regardless of criminal histories, consistent with applicable law.

Diversity & Belonging

We take pride in cultivating a culture of belonging and an equitable workplace where everyone can thrive. Learn more here: <https://www.autodesk.com/company/diversity-and-belonging>
